FAMILY OWNED & OPERATED

NOT RESPONSIBLE FOR TYPOGRAPHICAL ERRORS.

Dear Neighbor,

GREETINGS! If you are anything like me, you’ve had your fill of political ads for the year. On my phone, during the Patriots game, on the radio - there’s no escape! With that in mind, I’ll keep this brief. I’m running for the Maine House of Representatives, and I want to take a few minutes to tell you why and ask for your vote.

My name is Jonathan Kinney, and I served our great country for 24 years in the United States Coast Guard. In 2012, I ran for the Maine House for Representatives because I was concerned, like many Mainers, that our children would struggle to find a job and afford to live in our state. I was honored to serve our district in the House for six years. Unfortunately, these challenges have grown in the last several years, and I’ve decided to run again because I must make an effort to be part of the solution.

Many residents in our area are not looking for a lot of government intervention. If you have chosen to live in Buxton, Cornish, Hollis, or Limington, chances are the peace, quiet, and privacy of these towns are part of what you value about living here. I’ve lived in both Buxton and Limington, and I appreciate the low-key nature of our communities. At the same time, I am concerned about rising property taxes, our failing schools, and the government becoming increasingly involved in the lives of it’s citizens.

I said I would keep it short, so I’ll close by asking for your vote. If you would like to send a veteran who has dedicated over two decades of service to represent you in the Maine House of Representatives, my commitment to you is clear. I will not vote for a single bill that raises your taxes, makes it harder for businesses to thrive in Maine, or increases your utility bills. Residents are already struggling to make ends meet. Since Maine became a state in 1820, our people have been known for their strong work ethic. Our government should honor that tradition by protecting our freedom to work, provide for our families, and build a great life.

Thank you for taking a few minutes to consider this request. If you would like to avoid the lines on Election Day, early voting has begun at your town office. I would be honored to have the opportunity to represent you in Augusta.

For Maine, Jonathan Kinney

OBITUARY

George Wayland Hawkes

STANDISH - George Wayland Hawkes, 79, of Standish, Maine, passed away on Sunday, October 18, 2026, just shy of his 80th birthday. Born in Westbrook, Maine, on December 13, 1946, George was the son of the late Arthur Wayland Hawkes and Edna (Skillins) Hawkes. He grew up in Westbrook and graduated from Westbrook High School in 1965.

On March 5, 1971, George married the love of his life, Joan (Flanders) Hawkes. In 1977, they moved to Standish, where George would make his home for nearly 50 years.

Together, they built a life full of family, adventures, and laughter. Following his retirement, George and Joan enjoyed traveling throughout the United States, eventually purchasing a second home in Gulfport, Mississippi. They also shared a love of visiting casinos, where they enjoyed spending time together and trying their luck.

George spent his career working for New England Telephone and its successor companies, retiring from Verizon in 2003 after many years of service.

Anyone who knew George knew he had a quick wit, a sarcastic sense of humor, and an uncanny ability to deliver a perfectly timed remark. He was friendly, kind-hearted, and genuinely enjoyed talking with people. Even during his numerous hospital stays at Northern Light Mercy Hospital, he developed warm relationships with the nurses who cared for him, always treating them with kindness and, more often than not, a little humor.

George looked forward to his monthly gatherings at the Stockhouse with his high school friends, a tradition that remained important to him. He enjoyed his most recent luncheon just prior to his passing.

After facing serious health challenges in February 2023, George continued to persevere through countless medical appointments, treatments, and iron infusions. All of which he would have gladly skipped if given the choice. Through it all, he maintained his humor and continued making time for the people and traditions he loved.

Above all, George loved his family. Whether known as Dad, Grandpa, or Dappa, he held a special place in the lives of those closest to him.

George is survived by his three daughters: Christine Heath and her sons, Brayden and Logan; Loretta McHugh and her children, Margaret, James, and Adelaide; and Samantha Clark, her husband, Matthew, and their daughters, Olivia and Amelia. He is also survived by his brother, Richard Hawkes, and his wife, Lynn, and their children, Dana, Darryl, and Faye.

George also leaves behind many cousins, extended family members, and cherished friends, including long-time friendships formed during his school years and throughout his career with the telephone company. These lasting connections brought him much happiness and remained an important part of his life.

He was predeceased by his beloved wife, Joan, who passed away on November 22, 2009. Her passing left a void in George's life that time never truly filled. Though he continued to enjoy his family, friendships, and adventures, he never stopped missing her or looking forward to the day they would be reunited.

George leaves behind a lifetime of memories, plenty of stories, and more than a few sarcastic remarks that his family will undoubtedly continue repeating for years to come.

After nearly 17 years apart, George and Joan are finally together again.

A special and heartfelt thank you to George's wonderful neighbors, Billy and Bobbi Jo Call, for their friendship, kindness, and unwavering willingness to lend a helping hand. Knowing George had such caring neighbors nearby meant more to his family than words can express. Their thoughtfulness and generosity will never be forgotten.

Arrangements for a celebration of life will be announced at a later date.

OBITUARY

Jennifer Leigh Gerrish

May 28, 1980 – October 19, 2026

LIMERICK - It is with profound sadness that we announce the passing of Jennifer Leigh Gerrish, who passed away peacefully on October 19, 2026, at Gosnell Memorial Hospice House in Scarborough, Maine, surrounded by the love she gave so freely throughout her life.

Jennifer was born on May 28, 1980, in Biddeford, Maine, to Donald and Lesley Champion. She grew up in Limerick, Maine, where she attended Massabesic High School, graduating with the Class of 1998. It was there, during her high school years, that she met the love of her life, Jeb Gerrish. Their story began on November 2, 1996, when they went on their first date together for a Halloween hayride at York's Wild Animal Kingdom. What began as a young love grew into a lifetime of devotion, partnership, and family.

Jen attended the University of Maine at Farmington, graduating in 2002 with a Bachelor's degree in Early Childhood Education. August 15th, 2003, on a summer evening, Jeb asked Jen to marry him. The two were married on December 18, 2004, in a perfectly cold, seaside ceremony in Wells, Maine, as the winter sky was lightly dusted with snow. It was a beautiful beginning to the life they would build together. The sunset on their wedding day was Jen's most favorite sunset of her life, a moment of beauty she would forever hold close to her heart.

From as early as she could express it, Jen knew she wanted to be a mother. She was naturally nurturing, warm, kind, and caring, with a heart that seemed to have an endless capacity for love. Becoming a mother was not simply something she hoped for; it was the dream that meant more to her than anything else in the world. That dream came true when her first beautiful daughter, Ava Natalie, was born on February 1, 2006. On February 29, 2008, Jen welcomed her second daughter, Ella Grace, whose resemblance to her mother was unmistakable. With the arrival of her girls, Jen's world was complete. There was no title she treasured more, no accomplishment she held more dear, and no job she considered more important than being Ava and Ella's mom.

Jen's girls were her greatest joy, her proudest accomplishment, and the center of her universe. She poured her heart into motherhood, embracing all the big moments and little everyday ones that make a family. Her love was steady, selfless, and unconditional. She wanted nothing more than to give her daughters a childhood filled with warmth, security, laughter, and memories they would carry with them forever. Being their mother was the greatest privilege of her life, and the love she gave them will remain a part of them always.

Jen treasured family traditions and the holidays that brought everyone together. Whether it was picking out the most perfect Christmas tree at Blizzard Hill Farm or carving pumpkins on the back deck with a power drill, she found joy in making ordinary moments extraordinary. Christmas Eve, Christmas morning, and spending the entire day together as a family were some of the traditions she held closest to her heart. For Jen, the magic was never just in the holiday itself, but in the time spent together, the laughter shared, the traditions repeated year after year, and the memories made along the way. These were the moments that made a house a home, and she made sure her family had countless beautiful memories to carry forward.

Jen was also the ultimate dance mom to Ella and softball mom to both Ava and Ella. She poured her heart into supporting her girls, cheering them on, celebrating their accomplishments, and being there for every moment she could. The softball field became a second home to their family, filled with countless hours, friendships, laughter, victories, and memories that will forever be treasured. Jen was the perfect team mom, always willing to help, support, organize, encourage, and make sure everyone felt included and cared for. She loved not only watching her girls play but also being part of the community that surrounded them. The fields and sidelines were more than places to watch a game; they were where lifelong friendships were built and some of the most meaningful family memories were made.

Jen also had a remarkable talent for photography. What began as a hobby revealed her natural eye for capturing beauty, emotion, and the little details that others might

overlook. She had a gift for seeing the perfect moment and bringing it to life through a photograph. This past spring, she took pictures of Jaxon, Ava, and Ella right in the backyard at Jay and Bri's home, and the images were so beautiful they looked as though they belonged in a professional photo shoot. Jen had an extraordinary eye and was perfectly detail-oriented in everything she did. Whether she was arranging a setting, noticing the light, or capturing a genuine smile, she brought care and thoughtfulness to every picture. Her photographs will remain treasured keepsakes, preserving moments in time and allowing the people she loved to hold on to memories for years to come.

Alongside her devotion to her family, Jen carried a deep passion for teaching and nurturing young children. She believed in the wonder of childhood, the importance of growing minds, and the extraordinary potential found in every child. After sharing her gifts with children and families at other daycares and preschools, Jen took a leap of faith in 2012 and opened her own little school on Pendexter Way: Fiddlehead School House. Fiddlehead was more than a preschool; it was the realization of Jen's dream and an extension of who she was. Built with creativity, determination, countless hours of hard work, and the blood, sweat, and tears of her entire family, the school was truly an all-hands-on-deck labor of love. Jen's vision, dedication, and nurturing spirit created a place where children could learn, explore, grow, and feel cared for. She had a special way of making little ones feel seen and loved. She touched the lives of countless children and families over the years. The impact of her work reached far beyond the classroom, leaving lasting memories and a legacy of kindness in the community she loved. Jen was a woman who gave so much of herself to the people around her. She built her life around the things that mattered most: her family, the children she taught, and the relationships she cherished. Whether she was loving her girls, supporting her husband, creating something beautiful, or helping a child discover something new, she brought her whole heart to everything she did. Her life was a testament to the power of love, the beauty of nurturing others, and the lasting difference one person can make.

Though her passing leaves an immeasurable ache in the hearts of those who love her, Jen's legacy will live on in the family she built, the daughters she adored, the children she taught, and the many lives she touched. She will be remembered for her gentle heart, her creative spirit, her determination, and above all, the immense love she gave to those fortunate enough to have known her. Jennifer is survived by her beloved husband, Jeb Gerrish, and their daughters, Ava and Ella, of Limerick; her parents, Donald and Lesley Champion, of Porter; her grandmother, Noella Champion, of Limerick; her brother, Jason Champion, and his wife, Brianna, and their son, Jaxon, of Limerick; her parents-in-law, Julie and James Gerrish, of Alfred; her brother-in-law, Jess Gerrish, and his wife, Bethani, and their son, Kristian, of Alfred; and her sister-in-law, Jaime Chipman, and her husband, Wesley, and their children, Reese and Ryder, of Bass Harbor, and lastly our special family member Alison Thibodeau of Lyman. She also leaves behind extended family, dear friends, and the many children and families whose lives were made brighter by her presence.

Jen will be deeply missed, more than words can express, and loved for all the days to come. The world was made warmer by her presence, and the love she leaves behind will never fade.

Her greatest legacy was never what she built, but the love she gave, the family she cherished, and the countless little hearts she helped shape along the way. In lieu of flowers, please consider a donation in honor of Jennifer to St. Jude's Children's Research Hospital at <https://www.stjude.org/give.html>.

A visitation will be held at 10am Tuesday, October 27th at St. Matthews Catholic Church in Limerick, Maine. Followed by a Catholic Funeral service at 11am. At 2pm, family and friends are invited to Maddox Ridge Event Center, 50 High View Lane, Cornish, Maine 04020.

**Susan Collins was OK when it was OK to be just OK.
Now that's not OK.**

Vote for Troy Jackson

**Maine Needs a US Senator who will stand up to Trump
and Help Extinguish Our National 5-Alarm Fire.**

WE DO NOT NEED A SENATOR WHO ENABLES TRUMP.

**We need a Senator to put a foot down and cast votes to
stop Trump's hot mess.**

That's not Susan, that's Troy Jackson.

Let's look at Trump's residue:

Prices everywhere are high:

- Trump-initiated Iran forever war yields higher fuel oil and gas prices. Home heating oil is up by 70%!
- Trump-initiated tariff clashes yield higher costs to consumers for food and products, as well as unnecessary trade conflicts with Canada
- Trump-initiated health policies yield Medicaid cuts, Affordable Care Act erosion, Medicare Advantage disappearance and overall higher costs for your medical peace-of-mind.
- Trump-initiated policies are exploding the national debt, resulting in home mortgage interest rates of over 7% and higher borrowing costs throughout the economy

The Rule of Law is Eroding:

- MAGA's Republican Congress has surrendered legislative initiative and power of the purse
- Trump's Supreme Court is now an enabler of Presidential Order through continuous use of under-explained, secret emergency rulings
- The Department of Justice is now a partisan, incompetent organ of White House vindictiveness
- ICE - a quasi-military force, has license to roam the streets, ruin lives, intimidate and murder innocents without any accountability
- Women's reproductive rights and decision-making, including the Roe v Wade right to abortion, are being erased by Collins-approved Supreme Court Justices Kavanaugh and Gorsuch.

National Security is Degrading:

- The Iran War has resulted in the exposure of weaknesses in forward bases abroad, wasteful expenditure of weapons stockpiles, death and injury to military personnel (21 dead, 800 wounded), and unspecified costs of non-budgeted operations in the billions of dollars
- Trump policies have destroyed traditional alliances and chiseled away the trust of allies
- Pentagon policies have sidelined experienced leaders, shuttered decision-making from open inquiry, and kow-towed to political whim

Washington DC Corruption is at a Level Never Before Seen:

- The Trump family has accumulated over \$3 Billion since 2024
- The wealthiest Americans have enjoyed significant tax relief due to Trump legislation
- American billionaires are controlling policies that put your family in danger from AI, environmental protection rollbacks, and mass layoffs.

Troy Jackson will reliably vote and act to end this national debacle.

Susan Collins will tiptoe and let it go on, as she has done repeatedly for the last two years.

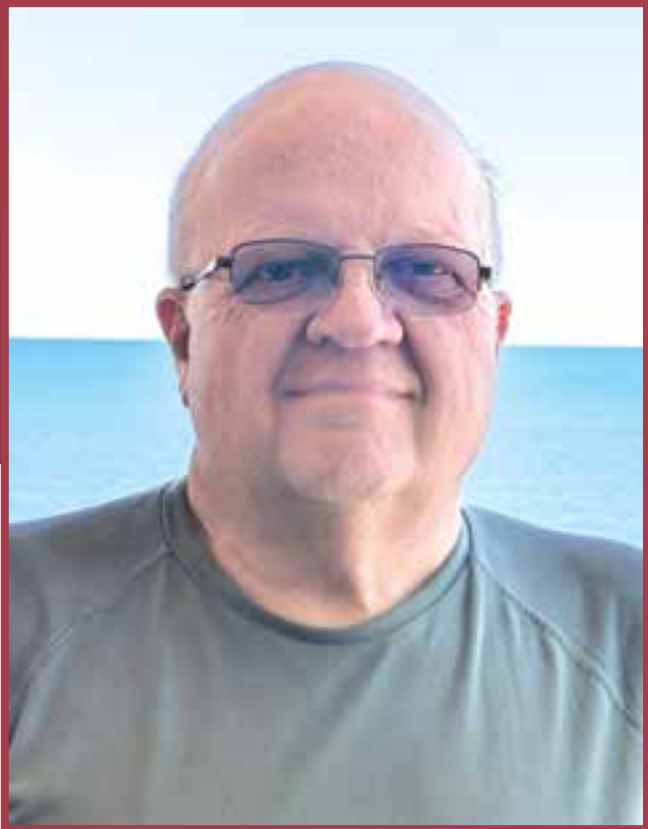

**Call a firm halt to the destructive and harmful policies Trump has set in motion.
Vote for Troy Jackson and he will vote for what's vital for us and Maine.**

THANK YOU

We believe you will build on the achievements of recent Maine legislatures---including teachers' salaries raised to a minimum of \$50,000; permanent funding of community college; increased cash rebates for low income homeowners and renters; stronger protections from medical debt---and make the 133rd legislature even better.

Got Ice?

THE SVRC RINK REPORT

WE NEED HELP! For the past couple of years Travis Trueworthy has led a small, but committed band of volunteers in maintaining the ice skating rink at Sacopee Valley Elementary School. Now Travis needs to step back to a lesser role and we need others to step up to create a new team.

The asphalt surface awaits cleaning, cracks await filling and boards await replacing - and that is all before winter! Then the fun begins: making ice, removing snow... and SKATING!

*If you've got what it takes to help keep this
community treasure going, please contact SVRC
board member JOE WILSON @ 651-4036.*

*American writer, philosopher and naturalist
Henry David Thoreau wrote of
the masses leading lives of quiet desperation.
Quiet because they felt they had no choice
desperate because of the
inner agony their circumstances evoked.*

So, if your hard work deserves a decent living, if health care belongs within reach,
and if government should put ordinary people first, then the time for quiet has passed.

Complacency is long out of fashion;
democracy is something we do and the time to do it is NOW.

Raise your voice. Cast your vote.

***His priorities straight, elect Chris Lewey your representative
in the Maine State Legislature.***

Vote early at your town clerk's office through close of business Thursday,
or on Election Day, Tuesday, November 3rd.

REAL EXPERIENCE. STEADY LEADERSHIP.

*“For the last 20 years,
I haven’t just talked
about problems.
I’ve solved them.”*

I built my childcare business from the ground up.
Every day, I balance budgets, lead staff,
support families, navigate regulations,
and make difficult decisions.

I know what it means to meet payroll, stretch
resources without sacrificing quality, and
show up for the people counting on me.

Running a business teaches accountability,
communication, and perseverance.
It means bringing people together
and finding practical solutions
when challenges arise.

I’m ready to bring that same
work ethic and commitment to
serving our community to Augusta.

I would be honored to earn your vote.
