LIMINGTON - Bunny Libby, age 63, of Limington, ME, passed away at home on April 10, 2024. She was born on September 12, 1960, to Fred and Lois Shaw

She grew up in Castle Hill. Bunny graduated from Presque Isle High School in 1978. She met her future husband in 1981 at his work's Christmas party, she has been with Randy Libby since 1982, they were married on October 27, 1984.

Bunny had several different sectorial jobs through the years, with Family Planning, Law Offices & Carroll Reed. While working at Northern Utilities Gas Company in Portland, she attended Westbrook College in the evenings, and in 1992 got a degree in business. Bunny quit her job in 2000 to raise their son. When their son was young Bunny was very involved in the Cub Scouts and Boy Scouts until he made Eagle Scout. Bunny was always making baby blankets to give to any one she knew having a baby. She liked doing crossword and word find puzzles. During Christmas time she always went all out decorating every room of the interior of the house. OBITUARY

Robert Puncheon

JOHNSON CITY, NEW YORK - Longtime Cornish resident Robert Puncheon, 79, died April 2, 2024 from complications of kidney failure. Puncheon had moved to Johnson City with his spouse, Gary Hamelin, in 2017 after residing on High Road in Cornish for 31 years.

Known for his sophisticated enthusiasm for music, food and films, Rob will long be remembered for his hearty laugh, acerbic wit and kind heart. His enthusiasm for films enabled him to speak about the finer points of work by Bergman or Hitchcock as well as recite ribald lines from comedies such as "Airplane!" He was an avid reader who enjoyed a range of fiction including Lawrence Durrell's "Alexandria Quartet" and Stephen King's works. He also enjoyed swapping books with friends.

Rob was born October 20, 1944, in Philadelphia. He grew up in Brilliant, Ohio, and Pittsburgh before earning a bachelor's degree in English and then a master's degree in music history from Miami University of Ohio. After college, he taught high school English at The University School in Pittsburgh, and at Walpole High School while furthering his music studies in the Boston area. While music remained a centerpiece of his life, Rob took on a culinary career when he moved to New England, both catering events and baking pastries that were sold in restaurants in Boston and Providence.

Rob and Gary met in 1978, beginning a 45-year relationship that eventually brought them north to Cornish. In 1986, they bought what had been the Tanguay Farm on High Road, and together, filled the 1860s-era farmhouse with antiques, music and gourmet cuisine while entertaining friends from away and making new ones in the community.

The couple's love of cooking was evident in the farmhouse kitchen where pots and pans hung unless they were on the stove—and something was always on the stove. Their love of opera, especially works by Verdi or Puccini, was evident on summer evenings as the arias from sopranos wafted through the breezes and up the hill.

Tragically, the house burned down in December 2000, but Rob and Gary rebuilt on the same spot that captures westward views into the White Mountains.

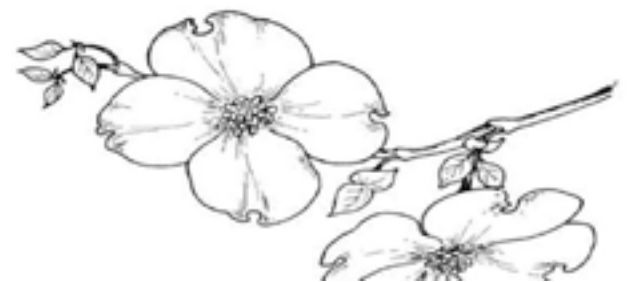

While living in Cornish, Rob continued to cater and bake, including wedding cakes for friends. He also tended bar on occasions at the Cornish Inn and Thompson Park Grille. A vivid storyteller, Rob also loved reminiscing about restaurants in Boston's North End and the characters that owned and frequented them.

The couple eventually moved to upstate New York to be closer to family and healthcare services as Rob's health complications grew.

He was predeceased by his parents and younger brothers.

Puncheon is survived by Hamelin; as well as his sister-in-law, Janet Puncheon, of Columbus, Ohio, and her children.

Those wishing to remember Rob are asked to contribute to a charity of their choice.

Dear Community,

Charles Whitney and his family would like to thank all of you for showering him with the beautiful cards he received for his **101st Birthday!** He felt so honored that everyone took the time to wish him a Happy Birthday. He received over 1,100 cards from 46 states. AMAZING!!!

Every one was read, with help from family because it was too hard for his aged hands. There were so many thoughtful messages, memorabilia and very creative artwork from so many people. Many of you were veterans, active servicemen and women and many with family in the military. There were more than 25 schools and boys and girls clubs that responded and many DAR groups, Legions and Auxiliaries. Thank you teachers for teaching our history and how valuable a free country is.

Never forget what a kind word or message in a card can do for someone. Many people in the veterans home do not have many visitors, so these acts of kindness mean so much to them.

With Much Appreciation,

Charles E. Whitney

Financial Statement: The following financial statement applies to Questions 1, 2, 3, and 4 above. The issuing of bonds by the Town of Standish is one of the ways in which the Town borrows money for certain purposes. The following is a summary of the bonded indebtedness of the Town of Standish as of the date of this referendum:

Bonds now Outstanding and Unpaid:	\$ 9,312,785
Estimated Interest to be paid on Outstanding Bonds:	\$ 1,087,246
Total Principal and Interest to be repaid on Bonds Outstanding:	<u>\$ 10,400,031</u>
 Additional Principal Amount of Bonds Authorized but not yet issued:	 \$ 0
 Total additional Bonds to be issued if approved by the voters:	
Question 1: Public Safety Capital Expenditures	\$ 975,000.00
Question 2: General Administration Capital Expenditures	\$ 150,000.00
Question 3: Public Works Capital Expenditures	\$ 595,000.00
Question 4: Highway and Road Capital Expenditures	\$ 1,280,599.00
 Total Principal Amount of New Bonds to be Issued if approved:	 \$ 3,000,599.00
Estimate of potential new interest on such additional principal of bonds:	\$ 456,845.84
Total additional principal and estimated interest to be repaid if approved by the voters:	<u>\$ 3,457,444.84</u>

When money is borrowed by issuing bonds, the Town must repay not only the principal amount of the bonds but also interest on the bonds. The amount of interest to be paid will vary depending upon the rate of interest and the years to maturity at the time of issue. The validity of the bonds and of the voters' ratification of the bonds may not be affected by any errors on the estimates made of the costs involved, including varying interest rates, the estimated cost of interest on the bond amount to be issued and the total cost of principal and interest to be paid at maturity. If the actual amount of the total debt service for the bond issues varies from the estimate, the ratification by the electors is nevertheless conclusive and the validity of the bond issue is not affected by reason of the variance.

The Planning Board will hold two informational meetings related to a new FEMA Floodplain Ordinance and Affordable Housing Compliance (LD2003).

The floodplain ordinance is required by FEMA in order to maintain the town's and the town's residents' eligibility for federal flood insurance. The new ordinance and maps will go into effect on July 17, 2024 and can be viewed as "preliminary maps" on the FEMA website or viewed in hardcopy at town hall. This will require a repeal of the existing floodplain ordinance.

The affordable housing required changes (LD2003) will bring our current Land Use Ordinance into compliance set forth by the State of Maine in 30-A M.R.S. §4364, 4364-A and 4364-B effective July 1, 2024.

Thanks again!

The "Huge, Heartfelt Thank You" ad which was dedicated to everyone who worked so hard during the storm a couple weeks ago, was unfortunately a bit general when mentioning those who went out to cut tree limbs to help move things along whether in the road or to speed up getting our power turned back on. Many Firefighters worked tirelessly over several days to help us all get up and running again. Winter is an extra busy time for them in general with wood-stoves burning and harsher conditions. We do not take for granted their selflessness, dedication and long hours working to keep us all as safe as possible.

WE APPRECIATE YOU ALL SO MUCH!

THINKING ABOUT ADDING A HEAT PUMP TO YOUR HOME?

You may qualify for the new

REBATE PROGRAM

Heat Pumps are very Energy Efficient.

When it's cold outside a heat pump moves heat from outdoors to the inside of your house... and in warm weather, a heat pump can move heat from inside the house to the outside.

Call DIRFY GENERATORS Today to learn more about the advantages of having a professionally installed HEAT PUMP added to your home or business.

Set up an evaluation with one of our knowledgeable staff to see how you can benefit from this program!

April 22nd and every day!

Celebrate Earth Day

This year's theme is how to reduce plastic trash and lessen it's impact on the earth.

Did you know...

- *8.3 BILLION Metric Tons of plastic has been produced since plastic was introduced in the 1950s.
- *79% of plastic that has ever been made still sits in landfills or the natural environment
- * When plastics end up in landfills, they aren't harmless. They break down into tiny toxic particles that contaminate the soil and waterways and enter the food chain when animals and humans accidentally ingest them.

21 Club encourages you to clean up your corner of the earth on the weekend of the 20th.

PLEASE BE CAREFUL WHEN YOU PICK UP TRASH. CONTACT LAW ENFORCEMENT FOR DANGEROUS ITEMS.

Let's put a sparkle on our town!
 Please send a picture of your bag of trash to Jean Stanley on facebook!
