OBITUARY
 Joe ‘Giuseppe Baccala’ Finkle

PARSONSFIELD - Joe "Giuseppe Baccala" Finkle, age 68, passed away on August 30, 2026 at his home; surrounded by his music, art; his books and family.

Joe was born in Orange, New Jersey; the first-born son of the late Joseph E. Finkle and Dolores ("Dee" Hummel) Finkle.

As a bright, spirited young kid, Joe taught his younger siblings how to read while they were barely walking. His parents (professional jazz singers and musicians) immersed him in reading, writing, singing and playing music, but Joey's love for pets and his yearning to acquire each and every one was boundless.

Among our most cherished family stories was the day young Joe would not leave the campground (and its intriguing pond) without capturing the biggest bullfrog anyone had ever seen. Dad removed his own brand new madras shirt to contain Joey's muddy new friend all the way back home.

He was fanatical about football; playing in the streets of Roseland, New Jersey with his dad (a former semi-pro player), his little brother, and all the cousins. Once his helmet was on and the ball was in his hands, he was running at top speed - in any direction.

When it wasn't Beatles and football, it was dinosaurs - studying, cataloging and drawing them passionately.

Several years after the family moved to Maine in 1971, Joe's teenage record collection began to gain local acclaim; from its sheer volume to its depth and breadth of pure diversity. His siblings fulfilled their spirits from the playing of musical instruments, but Joe had found his deeper love: studying, collecting and archiving the music he so enjoyed.

After studying for his GED in the late seventies, Joe served four years in the Navy as a radioman; spending most of his time at sea. Venturing worldwide on the destroyer USS Barry, his colorful stories of developing close mates during Mediterranean travel were continuously shared with his family back home. Our Joe was now getting a broader view than merely hitchhiking the East Coast. He liked to remind us of his certifying radioman exam: three hours of typing and receiving messages; wherein a single incorrectly typed character meant failing the entire exam.

Back in Maine after his discharge, Joe met his wife-to-be, Gail Larsen, in the late eighties. They were wed in 1988

Together Joe and Gail had a youthful sweetness and sparkle, with their mutual love of the written word and their ongoing creation of fantastic Italian culinary masterpieces. Joe and Gail's sauce would bubble all day long, and you'd best not touch it.

He was employed by the U. S. Postal Service in Portland during his marriage, before relocating to Tennessee for several years. He returned to the family farmhouse in Parsonsfield to retire and give care and companionship to his parents in their twilight years.

Joe was an amazingly well-read man and a fine prose writer, completing several books. His forte was dramatic fiction, as well as his personal travel histories. His was a vast book collection, a veritable library encompassing all genres from historical to celestial. He evolved into an educated expert on a myriad of subjects from world history to popular music (and British Invasion) history. This drive for knowledge led him to test for the game show "Jeopardy!" at their television studio, where he placed as an alternate contestant.

Joe's collections of recordings, books and memorabilia influenced a handful of his like-minded friends-- certainly his brother and sister. In a houseful of dedicated rock and roll siblings, he was the first one to sing in a band-- fearlessly paving the way. His unwavering love and pursuit of enlightenment through music will be sadly missed forever.

Joe is predeceased by Joe and Dee; and his past wife, Gail (Larsen) Finkle in 2022. He is survived by his brother, Peter Finkle and his partner Lisa Chase of Parsonsfield; sister Cindy Finkle and her wife Susan Charnley of Nashville; nieces - Anne Bennett and her husband Tom of Litchfield; Julia Finkle and her partner Nathan Locklin of Portland.

An informal memorial open house gathering will be held at Pete and Lisa's, 483 Kezar Mountain Road, Parsonsfield ME 04047 on Sunday, October 18 at 1:00 p.m.

Contact Pete at (207) 256-5299 for more details.

Online condolence messages can be submitted at www.mainefuneral.com.

In lieu of flowers, please give a book to someone you love. Then play "Midnight Rambler" by the Stones, on real speakers.

OBITUARY
 Roberta Irene Lane

STEEP FALLS - Roberta Irene Lane, 93, passed away peacefully on Wednesday, September 16th, 2026.

She was born in Westbrook, ME to Robert and Goldie (Johnston) Lane, one of 5 children. She grew up in Bartlett, NH ang graduated from Bartlett High School.

Roberta worked as a waitress and other odd jobs before moving home to help tend to her ailing parents. While home she also helped care for many nieces and nephews over the years. Roberta came to live with her nephew Bruce and his wife and children. There she helped with the house and watching over his sons while Bruce and Phyllis worked. She even was able to be there when Bruce's grandsons Jeffrey and Hunter arrived. She would light up anytime they visited. Though she was always called Auntie, or Aunt Berta, she was more like a mother, grandmother and great-grandmother to them.

Roberta lived with Bruce and Phyllis for over 20 years before breaking a hip in a fall at home. After that she required more care. She moved into The Casco Inn in Casco in May of 2019, and after a little time she settled in and really enjoyed her surroundings. She made many friends and participated in a lot of activities, and at near 90 received the nickname "Birdie" which she thoroughly enjoyed..

Roberta enjoyed visits from family and friends. Everyone she knew would receive a homemade card on special occasions, each with a drawing that would resemble them and a favorite hobby or pastime.

Roberta was a long-time member of the Berean Bible Church in Steep Falls, helping with yard sales and bake sales over the years. A special thank you to Pastor John Kozey who always found time to visit Roberta and send her weekly bulletins to keep her included while she was in Casco.

Roberta is predeceased by her parents, her brother John Lane and his wife Ona, her sister Joan, her sister Shirley and her husband James Lord, and her sister Georgia and her husband Guy Wilson.

She leaves behind many nephews and nieces and great-nephews and nieces and great-great nephews and nieces. Our heartfelt thanks also goes out to the team at The Casco Inn who made her feel at home and among family. And our thanks to the team at Beacon Hospice who provided tender care and attention during these last few years. The family truly appreciates both the team at The Casco Inn and the team at Beacon Hospice for your exceptional care and love.

Visitation was held on Thursday, Sept. 24 from 10 - 11 AM, followed by an 11 AM funeral service at the Poitras, Neal & York Funeral Home, 71 Maple St., Cornish. Following the service a reception will be held at the Greenleaf Masonic Lodge in Cornish. Burial will be amongst close family at Steep Falls Cemetery.

WHEN: Saturday, October 3, 9:30AM (SVHC parking lot)

WHERE: Great Hill (Hemenway State Forest,

We hiked up Great Hill a year ago.

Why return so soon? A couple reasons: (1) Different trail. The Betty Steele and Peg King Spur loop will access the Big Pine Natural Area with its majestic pines and hemlocks. Plan on 2.2 mil total with 580 ft. elevation gain. The summit offers 360 degree views from the fire tower. (2) Same winery. We very much enjoyed our 2025 visit to Whipple Tree Winery in Tamworth. A return visit there is optional.

We'll carpool from the Sacopee Valley Health Center at 9:30am. (PLEASE NOTE DIFFERENT START TIME.) PLEASE CARPOOL as there is very limited on road parking at the Rte. 113A trailhead.

Bring water, snack and sturdy footwear.

Hello Sacopec and Lake Region Residents!

These past few weeks I have been talking to townspeople online, on Facebook, and in person about AI data centers in Southern Maine. As you may all know, a moratorium was passed by the House and Senate in Maine, but Gov. Mills stopped it from becoming a law. I believe it's up to us now, individual towns, to actually implement the moratoriums that will stop AI data from buying large chunks of land quietly and then apply for building a massive data center that will hurt our land, water, air, and quality of life.

I have done the research, evaluated other towns in other states that are suffering from the noise/air and water pollution, and townspeople were told lies about what was being built. The companies promise jobs, reduction in electricity bills, and low impact on the environment. The truth is, yes, there are jobs during the buildout, but that is all; very few humans are needed to run these massive plants (AI takes care of itself). If the AI data center is in an area where there are power outages, they will install a great number of diesel generators that will run a great deal of time to fuel the electricity need for continual demand from the massive AI requirements.

There are still naysayers out there that think we need these data centers for our economy, etc., to help with our electricity bills and are certain we have enough water for such a huge building. I get it, and I am happy to show you the data from other towns. Sadly, once one of these centers goes in, you cannot open your windows even a mile away; the noise and pollution is that great. Then if you want to move and sell ... well there you go ... your property value has gone down to nothing. Nobody wants to live near one. So, let's stop them now from getting into our towns.

So, I'm offering help writing a moratorium for each town, but will need one person from each town to gather their own 100 signatures to put it into a town meeting schedule.

Contact me for the sheets, and any information you may need.
