OBITUARY
Capt. Richard H. Norcross

HIRAM - Captain Richard H. Norcross, age 78, of Long Island & Hiram Maine, passed away peacefully on January 21, 2026, at the Gosnell Hospice Home in Scarborough. Captain Norcross was surrounded by his wife Robin of 45 years, his son Ethan and his granddaughter Nevaeh. Born in the Maine Eye and Ear Infirmary on February 24, 1947, to George William Norcross and Lillian Muriel Van Amburg. After completing high school, Richard enlisted in the U.S. Army on December 28, 1967, serving as an armor crewmen, rising to the rank of sergeant until his honorable discharge from service.

Richard was a seasoned mariner, who spent his entire life working on the water, from fisherman to ferry boat captain at Casco Bay Lines, Richard truly loved being on the water. Though Richard was a career Captain at Casco Bay Lines, his first and true love was lobstering on the backshores of Long Island, Maine.

An avid punt builder, it brought Richard great joy building punts in his front yard for the many kids on Long Island. Richard enjoyed spending many hours crafting modeling fishing boats out of balsa wood while listening to the sounds of country music or enjoying a classic John Wayne movie. Richard enjoyed gardening and took great pride in his yearly tomato crops. In his later years, Richard worked with a close family friend, making handmade dog leashes in which he became known for his knot work.

Richard spent his last year dedicating time to his best friend Mark Johnson, granddaughter Nevaeh, wife Robin, and his son Ethan, whom he enjoyed going on drives with, which he knew would take him to his favorite fast-food treat of a McDonald's Fish Filet and Cheeseburger. Richard enjoyed playing cribbage with his wife Robin, and Monopoly with his son Ethan and granddaughter Nevaeh.

He is predeceased by the many cats and dogs he loved including Dusty and Dakota.

Captain Richard H. Norcross is survived by his brothers John and Peter, eldest son James of Texas, his close friends Willy and Jim, to name a few, but to Cappy, everyone was a close friend.

Special thanks to the Gosnell House staff for their care and comfort of Captain Norcross, in his final moments. In lieu of flowers, the family asks that donations be made to Hospice of Southern Maine 390 US Route One, Scarborough, ME 04074.

Snowshoe Hike
SAWYER MOUNTAIN
Saturday, January 31
10:00 a.m.

Join us for a snowshoe hike on the Nature Trail at Sawyer Mountain. This is a 0.7 mile loop trail with a brochure and numbered stations along the way. For those who would like a more challenging, longer hike, there will be maps at the trailhead with alternate trails. Bring your own snowshoes. If there is no snow, we can still walk the trail. If the trail is icy, traction cleats may be advised. Registration for the event is through Sacopee Valley Adult and Community Education, and can be completed ahead of time or at the trailhead.

There is trailhead parking on route 117, 2.5 miles south of the routes 117/25 intersection or 2.4 miles north of the routes 11/117 intersection. The GPS address is 883 Cape Rd, Limington.

Mountain Division Rail Road

My name is Lou Stack. I was the Chair of the Route 113 Corridor Committee which was made up of appointed representatives from the five towns of Standish, Baldwin, Hiram, Brownfield and Fryeburg and ably assisted for ten years by the Greater Portland Council of Governments and its representative Caroline Paras. The Committee’s mission was to bring economic development and good paying jobs to those five towns by restoring the Mountain Division Rail Line with trail where it could be accommodated.

A feasibility study funded by the Maine Department of Transportation done in 2007 indicated the restoration of the rail line which would include replacing only the ties and ballast while keeping the existing rails was deemed feasible. The Maine Department of Transportation supported the committee’s application for a Federal Tiger Grant in 2009. Regrettably we lost out on that opportunity.

So now we have a group promoting trails which doesn’t think economic development and good paying jobs for these five towns are important. The great majority of children born and raised in those towns after graduating from high school or college will continue to be required to look for work outside of the town in which he or she was born to get a good paying job.

The land for the rail corridor was initially acquired by eminent domain which required the return of the land to the abutters if the land was used for anything other than rail. When the State of Maine bought the rail line corridor, that stipulation was part of the deal and was codified in state law. If the state used the rail corridor for anything but rail, the land would revert to the abutters. That state law was amended in 2021 to allow other uses, Temporarily, until the rail line was leased to a rail user to move freight and or people.

It would be one thing if this trail group intended to keep within the spirit of this amended law, but it is apparent this group never wants to see the rail line restored. Rather than build their trail along side of the rail, leaving a ten-foot buffer between the rail and trail where it can be accommodated, they are intent on removing all the rails and rail roadbed in the towns of Baldwin, Hiram and Brownfield. This will kill the feasibility of restoring the line and they know it. They can call it the Temporary use of the rail corridor but, it essentially amounts to their permanent use of it and will eliminate the opportunity for economic growth that would create good paying jobs for the residents of those towns. They can avoid this apparent violation of the law by not removing the tracks and rail bed by building their trail alongside the existing rail bed and tracks. They have used as their excuse for removing the rails and railbed that the trail will be cheaper to build. You should know this trail as proposed will cheat you out of your chance for economic development and good paying jobs because they will not build it the right way.

A good example of rail with trail can be found in Fryeburg. The Route 113 Corridor Committee worked with the committee that developed that trail and we endorsed it.

Every resident of Baldwin, Hiram and Brownfield should know that the cost of maintenance, repair, security, trash removal and liability insurance for this trail will be the responsibility of each town.

So, I’m asking people in the towns of Baldwin, Hiram and Brownfield to contact your selectmen and state representatives and senators and tell them that you want to keep alive the possibility of restoring the Mountain Division Rail Line to benefit your sons and daughters in the future.

Thank you for your kind consideration of the above.
