Dear Residents of Fryeburg, Brownfield, and Hiram,

On behalf of the Friends of the Mountain Division Trail, I want to thank everyone who took the time to participate and vote on the Maintenance and Operations Agreement between the Maine Department of Transportation (MaineDOT) and your town.

In each community, residents came together, asked important questions, engaged in thoughtful discussion, and ultimately voted in favor of moving forward with the agreement. With Fryeburg, Brownfield, and Hiram now on board, an important milestone has been reached, and the project can move into its next phase.

MaineDOT can now begin the process of advertising the project, soliciting bids, selecting a contractor, and preparing for construction of the next 10-mile section of the Mountain Division Trail.

This project represents a significant federal and State of Maine investment in an all-season recreational trail connecting our communities. MaineDOT will remain responsible for major infrastructure, including bridges and culverts, while the towns will provide routine maintenance such as mowing and minor upkeep. The towns retain flexibility in how that routine work is accomplished, including municipal staff, contractors, volunteers, and partnerships with local organizations.

The Friends of the Mountain Division Trail looks forward to working alongside Fryeburg, Brownfield, Hiram, snowmobile clubs, volunteers, and other community partners to build upon this investment and help the trail reach its full potential.

Together, we have an opportunity to create a lasting community asset that supports local businesses and tourism, provides safe opportunities for year-round recreation, connects our communities, and delivers economic, environmental, social, and health benefits for generations to come.

Thank you to everyone who participated in this process and helped move the Mountain Division Trail forward. The next chapter is about to begin.

Sincerely,

Doug Smith, President

Friends of the Mountain Division Trail

Denmark’s water supply, and Poland Spring’s lack of concern.

Hello to all townspeople in the Sacopee and Lake Region areas...

Throughout my 23 years in Baldwin, I have noticed a significant increase in water removal by Poland Spring in many of our neighboring towns. While Baldwin and some of our surrounding towns here are not affected yet, Poland Spring’s continued removal of groundwater raises serious questions about what this means for the future of our lakes, wells, and aquifers. While there are limited reports on what Poland Spring actually does remove from Denmark (have not looked into Fryeburg), it seems that in the past 3 years PS has removed 65 million gallons in 2023, 69 million gallons in 2024, and in 2025 (the last report I can find), almost 90million gallons of water. Keeping in mind, we have been in a drought!

I attended a meeting on August 18, 2026, in Denmark, where Poland Spring just ignored all of the concerns the townspeople raised regarding Long Pond and their wells and neighboring waters. As a fisherman and water enthusiast, I find this greatly disturbing. While my well in Baldwin is OK, I have run out of water on occasion from overuse. This is a concern as I have a small horse farm, and lots of animals and could not afford a new well. For many residents in Fryeburg and Denmark, concerns about their wells and water supply are already a reality. Drying out happens often, their ground water depleted, yet the trucks continue to remove more and more water.

After the meeting on Tuesday, I became frustrated at what a company like Poland Spring has done to our Maine towns. Poland Spring has offered donations and free bottled water to town offices, and residents have also raised concerns about the legal and financial resources available to a company of this size. How can any town win against that conglomerate? So, I'm still investigating, even offering to help Denmark find some lost records from Poland Spring, and will not give up. Next meeting is September 8, 2026, at 6pm, but I believe the townspeople are not allowed to speak or question.

We need action at the legislative level to strengthen oversight of large-scale water extraction in Maine. Our lakes, rivers, aquifers and wells cannot handle the constant removal of a resource that is NOT self-renewed by rainwater any longer in Maine.

Please reach out if you have your own views and concerns as I will continue to publish my findings and tribulations in the next coming months.

Concerned about our water,
Cassie Dove

BROWNFIELD SPECIAL ELECTION - THURSDAY, SEPTEMBER 3, 2026

Vote NO on the Recall

For months, the YES campaign have sown chaos and fostered division in Brownfield with vague claims of impropriety and financial mismanagement by elected Selectmen Rick Emery and Brian Fortier.

They have offered no proof for their claims.

Because someone shouts the loudest,
it doesn't mean that what they're saying is true.

“

At the Select Board meeting on July 7, former Selectman Frank Day, who served alongside Mr. Emery and Mr. Fortier said:

“I didn't sign the petition. I didn't have any reason to speak up and say something was going wrong. I don't know exactly the reasoning behind the petition... if I had known something, I'd have said something”.

If you're unhappy with Rick and Brian, you can vote them out when their terms are up.

A RECALL is not the appropriate vehicle.

How to Vote NO

RAIL TRAIL UPDATE

**Thursday night, during a raucous town meeting, 103 people
representing the taxpayers of Hiram came out to vote.**

The "NO" votes came so close, with a final vote of
53 'Yes' to 50 'Nos'

**The Nos came out in force and spoke up loud
and clear that they have rail trail concerns -**

Some points heard that night:

- 1) Concerns about increased costs to
already overburdened taxpayers
- 2) Questions as to why are we paying to
maintain property we don't even own?
- 3) Lack of transparency and engagement by
Maine DOT addressing peoples concerns.
- 4) The damage this trail will do to abutter
livestock, property rights and privacy.

Our town representatives insist we can meet
100% of year round trail maintenance up to
Maine DOTs standards for \$2000/year.

Never forget,

We The People hold the **Power of the Purse**
and vote for every dollar our town employees
ask us to spend.

Keep an eye out for hidden "*Magic maintenance*"
budgetary "*slight of hand*" moves.

Educate yourself on taxpayer rights under
New England Town Meeting Rules -
I would suggest everyone read a copy of the
Maine Municipal Moderators Manual.

**Come out and vote at every Town Meeting
and exercise those rights.**

***Thank you to everyone who
supported, spoke out and
stood up for the NO initiative.***

If that sounds like you, come introduce yourself.

MARATHON SPORTS
4 Settlers Green
NORTH CONWAY, NH

APPLY HERE
marathonsports.com/careers

LOVE THE MOUNTAINS?
LIKE PEOPLE?
WE SHOULD TALK.

Marathon Sports just opened in North Conway, and we're building a team of people who want to be part of something special. We're looking for **full-time** and **part-time** team members who enjoy helping people, work hard, bring good energy, and have a connection to running, hiking, trails, or life in the mountains.

You don't need to be a shoe expert. We can teach you that.

We especially want to meet people who know and love the Mount Washington Valley—people who can tell a visitor where to run tomorrow morning, which trail they shouldn't miss, or where they need to hike before heading home.

WHAT YOU'LL FIND HERE

- \$17–\$21 / hour starting pay (Opportunity to earn up to an additional \$4/hour through sales incentives.)
- Career growth in the running/outdoor industry
- Generous employee discount
- Hands-on training in biomechanics, footwear, and retail
