VOTE NOV. 4TH

Are you sick of being lied to? Here's the truth!

YES ON #1

Question 1 - Voter ID

MYTH

This initiative eliminates two days of absentee voting.

FACT

It shortens the early absentee voting period by two days, not the general absentee voting deadline. Ballots still must be received by 8 p.m. on Election Day, and voters can still request ballots in advance, including by mail or in person

Question 1 - Voter ID

MYTH

Voters won't be allowed to request an absentee ballot from home.

FACT

Phone requests are no longer accepted—but the initiative does allow requests by mail, in person, or electronically (online), and it ensures verification by requiring voter identification on the application. This increases ballot integrity while preserving access.

NO ON #2

QUESTION 2 RED FLAG LAW

#1

MYTH

This law would stop future tragedies by keeping guns out of the hands of dangerous people.

FACT

Tragic events are heartbreaking, but this law won't do more to prevent them. Maine already has tools in place for law enforcement to take action. This new law adds no mental health services, skips due process, and doesn't target criminal behavior -just accusations.

QUESTION 2 RED FLAG LAW

#3

MYTH

This law treats mental health with care and caution.

FACT

There is no mental health professional involved in the decision. Instead, a judge must decide quickly, often based on fear and vague claims. This will discourage people from seeking help when they need it most.

THANK YOU FOR HELPING THOSE MEMBERS OF OUR COMMUNITY WHO NEED OUR SUPPORT.

On Question 1:

“If it ain’t broke, don’t fix it!”

Maine already HAS secure voting rights.

We are a leader in the nation. According to the Maine League of Women Voters, our small, rural, working-class state has one of the highest voter turnout rates in the country. That’s something to be proud of. We rank this high because of our secure elections, same-day voter registration, no-excuse absentee ballots, and no photo ID laws required to vote. Over 45% of Mainers voted absentee in 2024.

This referendum would make it harder for Republicans and Democrats across the state to vote absentee – especially seniors, Mainers with a disability, and Mainers without reliable transportation.

According to the Heritage Foundation, Maine has had only two voter fraud convictions in 46 years. Does that sound like a broken system to you?

Absentee voting is on the ballot.

Question 1 will make it harder for many Mainers to vote.

It will:

- prevent you from calling your town clerk to request a ballot, making it harder for those without reliable transportation or internet to request an absentee ballot
- shorten the time period for early absentee voting by two days - two of the most popular days for early absentee voting
- eliminate ongoing absentee ballots, even though this has been a boon for Maine seniors and Mainers with disabilities
- mandate a specific form of unexpired photo ID in order to vote - none of the following is acceptable: social security card, birth certificate, student ID, tribal ID or employee ID
- require additional people and more work for town clerks before and on election day
- prohibit towns from including return postage on absentee ballots, even if taxpayers vote to fund it
- limit the number of secure ballot drop-off boxes a town may offer

This measure isn't right for Maine.
Our elections have been and are safe and secure.
(The Heritage Foundation reports only two cases of voter fraud in Maine since 1982.)

Vote NO on Proposition 1 and preserve convenient mail-in voting.

Prop 1 impedes people in nursing homes, people without cars, people with illnesses and handicaps, people with impossible schedules, and people who are away from home from voting without an unnecessary trip to town hall.

**So that those citizens can continue
to cast their votes in the current

In loving
memory on his
52nd Birthday

When we lose
someone we love,
We must learn not to live without them,
but to live with the love they left behind.

Kenny,
Happy 52nd Birthday to you. This year has
been a difficult one without you but we feel
you, hear you, and know you have been
right by our side. This life will never be the
same without your smile and laughter. You
touched so many lives while you were here
and continue to do so though you are no
longer with us. Continue to love us and
guide us through this life. We will keep
watching for you. Happy birthday,

Love, Jen, Jacob, Casey

SAVE ABSENTEE VOTING

On November 4, 2025

VOTE  NO on #1

Question 1 reads:

“Do you want to change Maine election laws to eliminate two days of absentee voting, prohibit requests for absentee ballots by phone or family members, end ongoing absentee voter status for seniors and people with disabilities, ban prepaid postage on absentee ballot return envelopes, limit the number of drop boxes, require voters to show certain photo ID before voting, and make other changes to our elections?”

Seniors and disabled folks’ voting is in jeopardy

In 2024, 40% of Maine voters voted absentee

--Save Maine Absentee Voting Coalition, saveabsentee.me, July 31, 2025

In 2024, 61% of Maine senior voters voted absentee

--Save Maine Absentee Voting Coalition, boltsmag.org, Aug. 27, 2025

This referendum vote will:

- Eliminate the 2 most popular days of early absentee voting
- Require you to show an approved form of photo ID to vote or to vote absentee
- Ban prepaid return postage for absentee ballots
- Prevent your request for a ballot by phone
- Prevent a family member to request a ballot for you
- End ongoing absentee ballots to be sent to you - you will have to ask each election

THIS IS VOTER SUPPRESSION
IT WILL AFFECT ALL VOTERS, REGARDLESS OF PARTY

A No Vote is Supported by Nonpartisan Organizations, including the League of Women Voters of Maine:

Heat Pumps are very Energy Efficient!

In warm weather, a heat pump can move heat from inside the house to the outside and when it’s cold outside a heat pump moves heat from outdoors to the inside of your house... **Financing Available starting at \$69 a month OAC**

What Our Customers Are Saying...

I highly recommend DIRFY Generators and Heat Pumps. If I had to rate them on a scale of 1 to 10, I would rate them a 10 without question. If I had to rate the individual phases (consultation thru installation), each phase would be a 10. The consultation was well explained with different options, which allowed me to easily make my choices. The installation was very organized and professional. The team was very polite, explained things to me, and was very neat. I didn't have to clean anything. And to the office staff, I can't say enough from the first phone call through the whole process.

I have discovered thru the process was the money that I would be adding to my monthly budget. We are retired and on a fixed income. We didn't have the funds available to proceed with this without their help. That helped us to be able install the heat pump system with no upfront money, which was a huge help to us. Not only that, but it also removed the need to pay for our propane to heat for our house. The cost difference was substantial. We actually save so much, that between the monthly finance payment, and the cost of the electric bill, we actually had more money for the month. We will be saving about \$110 a month (Over \$1300/yr). On a fixed income, that is substantial. It was almost like we were being paid \$1300/yr to put in the heat pumps. Again, a lot of money for fixed income.

And the best part, from the time we signed the contract to installation, less than a week. They had a good sized crew here.

We were so impressed, we decided to put in a Heat Pump hot water heater. Again, no money upfront. The savings after the finance payment and the power bill amounted to about \$97/mo (\$1164/yr). That was a total savings of about \$2500 a year for the heat pumps to heat and cool as well as the hot water heater. It was like getting paid \$2500 a year to install these. (p.s., I verified the figures from the Efficiency Maine website)

I am recommending to everyone I know to contact DIRFY Generators and Heat Pumps so that they can increase their spending money.

This company is awesome. No wonder they are number one in New England

A whole roasted chicken is presented on a dark, oval-shaped plate. The chicken is golden-brown and appears to be seasoned with herbs. It is garnished with fresh green herbs, possibly dill or parsley, and a slice of tomato is visible on the left side of the plate. The background is a solid, light brown color.

PLEASE HELP US REPAIR THE STEEPLE at the United Church of Christ, 37 Main Street, Cornish, Maine

This beautiful old church has been a tourist attraction since 1843 because of its beautiful steeple...

There have been many repairs made over the years. In 2019 we had an evaluation done by an engineer and received a 37 page report explaining what needs to be done, a complete restoration. We are a small town church with a small congregation. We just need some help to see the project to completion and make it beautiful again.

We will keep the Faith and see what the Good Lord allows us to receive. Many thanks for any amount contributed! God Bless!

Show your support for this GoFundMe

Why Advertising in
**YOUR WEEKLY
SHOPPING
GUIDE** works!

12,000+ Guides are
mailed directly into homes
and a combined 1,400
are left in stores in the
towns we serve.

Mailing guarantees that all homes
in your target area will see your ad,
not just those that happen to look
up your information. Know how
your advertising dollar is working
for you. Not all papers mail. You
could be paying the same or more
for an ad that is only reaching
people who happen to pick a
paper up at the store.
