Calling All Voters!

VOTE, VOTE, VOTE! ★ FIGHT, FIGHT, FIGHT!

This is a plea to encourage everyone to vote. Voting starts now!
All you have to do is go to the town hall, and an excellent town clerk will give you a hand.

★★★ **ELIMINATE ALL EXCUSES AND VOTE EARLY** ★★★

It's well known that the narrowest of margins could decide this year's races.

EVERY VOTE TRULY DOES COUNT AND MATTER!

In the past few years, some of us as Republicans have been inclined to sit back and believe that the system is rigged or that our votes don't matter.

Whatever the case may be, it's essential that we vote and encourage our friends and family to do the same.

This is crucial! Your vote counts, and your vote matters!

Don't let this election cycle pass only to regret your choice to stay home.

The regret of not voting can be a heavy burden to carry!

EARLY VOTING HAS ALREADY STARTED ... HEAD-ON DOWN TO THE STANDISH TOWN HALL, AND CAST YOUR VOTE TODAY!

OBITUARIES

OBITUARY
 Donald Fulton Gammon Sr.

CASCO - Donald Fulton Gammon Sr., age 72, known affectionately as "pops", passed away on October 13, 2024, with his daughter, LeAnn and his friend, Doris by his side. Donald was born on February 1, 1952, in Limington, Maine.

He spent most of his life in the Gorham and Casco areas. Donald was a devoted father to LeAnn, Don, and his daughter-in-law, Rachel, and a loving grandfather to his cherished grandchildren, Maya, Garrett, and Maxim. He was a proud graduate of Bonny Eagle High School, Donald dedicated many years of his life to serving as a custodian for Maine SAD #57. He was known for his trademark flannel shirts, jeans, and hats. He embodied a warm and approachable spirit that endeared him to all who knew him.

He had a passion for local fairs, where he delighted in watching his children participate in 4-H programs and Ox pulling events. He enjoyed raising oxen to showcase at the fairs, a hobby that brought him great joy. He also loved spending time at Beech Ridge Motor Speedway with his daughter and Ethan, sharing moments filled with excitement and laughter.

In addition to his love for family, Donald had a deep appreciation for good food, particularly fried clams, peanut butter fudge, and any chocolate confection. He enjoyed listening to a couple of local bands: Got It Covered, and Country Roads and watching his favorite shows and reruns of The Beverly Hillbillies, The Three Stooges, and Bonanza. He was a fan of Little House on the Prairie, which he recently purchased.

Donald is predeceased by his spouse, Carolyn Miller Gammon; his brother, Ron Gammon; and his parents, Fulton and Carolyn Dearborn Gammon.

He leaves behind a legacy of love, laughter, and cherished memories that will forever remain in the hearts of his family and friends. A celebration of life will be held at a later date. Online condolence messages may be left at the Poitras Funeral Homes website, www.mainefuneral.com

is one of the biggest and most complicated endeavors the Hiram Historical Society has ever tackled. The Ridlon Schoolhouse has been an iconic landmark on Brownfield Road in South Hiram for many decades. The school was opened in 1819 by William Stanley, the builder of several mills in Hiram, Porter and Cornish, and as such, was one of the few of this period remaining in Maine.

When it was scheduled to be demolished immediately in July 2023, the first person we sought to help save it was Cliff Whitney. He checked it over to see if it could be saved, and preferably moved to a public site in South Hiram.

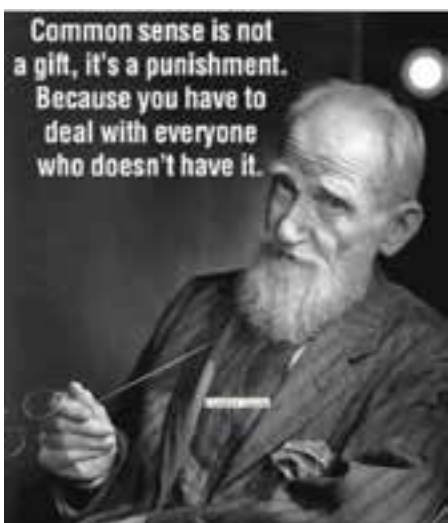

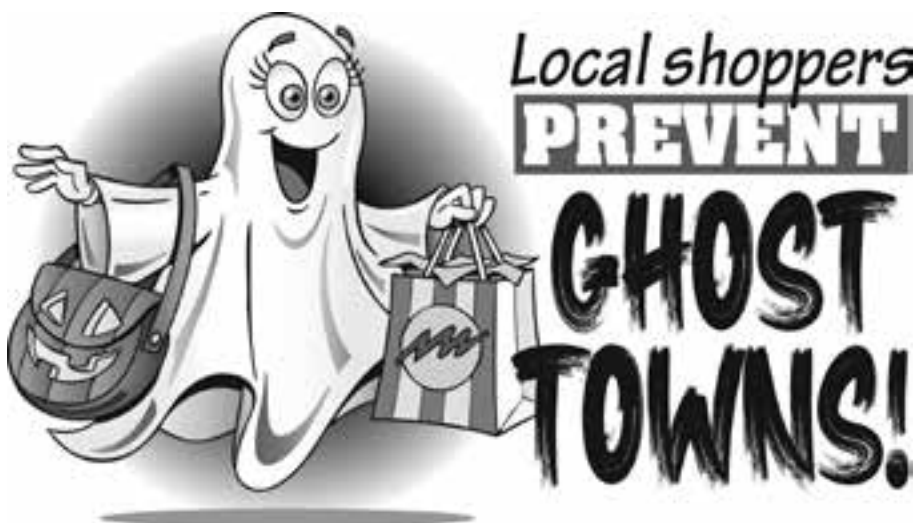

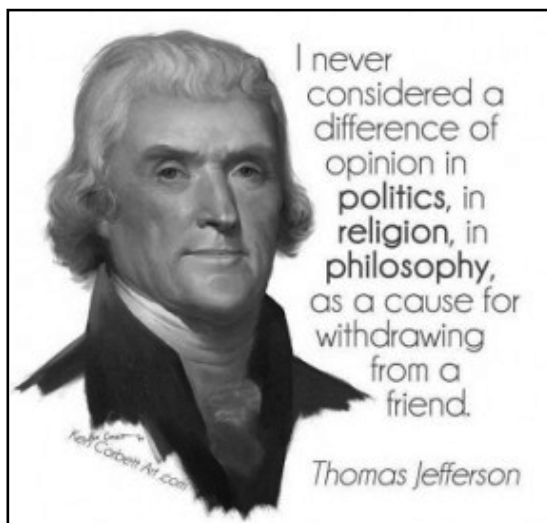

Cliff adopted this project, consulted with other experts, came up with a plan, recruited the right volunteers which he rallied with his enthusiasm and knowing just about everybody in town. He led the project and stuck with it through thick and thin, every day (except when he took a well-deserved jaunt to Alaska for a couple weeks!)

When I look back to that cold week in October 2023, I am astonished at what we were able to accomplish - due to Cliff's leadership, determination and eye for safety. Cliff is an inspiration to all who wish to start a community project, but think it can't be done.

We're not forgetting his other worthy activities - Chauffer of Grand Marshals in the Hiram July 4th and Ossipee Valley Fair parades; participation in Pam Sem antique auto shows, and more.

Cliff Whitney, THANK YOU for your role in the Ridlon Schoolhouse proect and for numerous other community-centered activities. We are pleased to have presented you the Hiram Historical Society's 2024 ***Hubert W. Clemons Award for Outstanding Service to the Town of Hiram.***

Healthy Sacopee HIKE

WHEN: Sunday, October 27, 1:00PM (SVHC parking lot)

WHERE: Hawk Mountain (Waterford)

Hawk Mountain (elevation 1,046'; vertical gain 239') is a first for the Healthy Sacopee hikers. It rates "Little Hills, Big Thrills" status with an "easy, well-marked short trail (1.2 mi. round trip) to summit offering great views from the imposing ledge overlook there." (from 'Go Take A Hike' by Allen Crabtree).

Let's plan to carpool from the Sacopee Valley Health Center at 1:00pm. Bring water and sturdy footwear (snack optional).

FINALLY, SOME ANNOTATED COMMENTS BY REPUBS IN THE SHOPPING GUIDE

The policies of the Biden/Harris administration since 2020 resurrected the country from the cataclysm of COVID, a plague that in its first year Trump described as a flu, treatable by bleach and Ivermectin and not warranting ironclad precautionary measures. Jobs disappeared, capital markets were rupturing, people were dying and the economy had plunged into a deep freeze of paralysis. The economy had to be re-heated, and bipartisan legislation led to restoration and acceleration of employment, wages and personal wealth at the cost of inflation that decelerated over time. Inflation is now lower than 2.5%, yet economic and employment growth continues, and the stock market has set records. That is a success that outstrips the post-COVID economic recoveries of any other country on earth. The Biden/Harris administration managed and presided over our recovery. That's a fact!

But we Democrats appreciate civil debate. In the October 9th Shopping Guide, there was a Republican Critique of **6 of the 34** annotated statements made by the Cornish Democrats. The Critique was entitled *"Lies, Damn Lies and Statistics"* and is serious, sober and annotated. It even acknowledges some true and positive developments during the Biden/Harris administration's tenure. Unfortunately, none of the Critique's advocacy points can hold water:

ECONOMIC AND WEALTH GROWTH: The *"Lies, Damn Lies & Statistics"* author admits the existence of household wealth growth post-Covid and during the current administration, but complains that such wealth came from inflation and wasn't real. We wonder if the author and like thinkers will be giving away portfolio gains earned during the Biden years because they're not "real." Any investor would be glad to take those "unreal" profits off their hands.

The Center for American Progress's report of April 24, 2024, concludes that: *"Due to a historic economic recovery, inflation-adjusted wealth for younger Americans [household head under 40] has grown 49 percent since right before the pandemic—a positive trend following decades of stagnation."* The Center's source was the Federal Reserve.

CRIME RATES: No doubt with apologies to Mark Twain and his skepticism of statistics, the author of *"Lies, Damn Lies & Statistics"* offers one of the Government's largest statistical surveys, the NCRV, to rebut the conclusions of the FBI's Quarterly Uniform Crime Report, based on reported crimes. Both crime surveys are useful, particularly because the NCRV takes in unreported household and sexual abuse like Trump's on E. Jean Carroll; however, unlike the FBI report, the NCRV does not take into account homicides, down 13% nationwide, or commercial crimes (e.g., crimes against commercial establishments—gas stations, corner groceries, banks, etc, and frauds like Trump committed and was convicted for regarding his financial filings). Crime is not eradicated, but it's falling under Biden/Harris stewardship.

DRUG OVERDOSE DEATHS: The malaise of COVID killed the economy and brought with it a psychological trauma that sent souls into a maelstrom of depression, drugs and death. The pain lingered but has now eased a bit, bringing hope. That is just a fact of where we are now. Of what possible relevance to us is the volume of drug deaths under Trump? Let's stop with statistics that mean nothing in the current day.

STRATEGIC PETROLEUM RESERVE (SPR): The Cornish Dems never said that the SPR has been fully replenished to 2022 levels. But it will be by year's end. Of the 180 million barrels sold in 2022 to bring world prices down after Russia invaded Ukraine, 40 million barrels have been bought and added to the reserves, and scheduled contracts to sell an additional 140 million barrels have been canceled. The total barrels secure in the reserves? 180 million barrels.

BROADBAND: Funds have been issued and contracts concluded for the Broadband initiative. Ground will be broken in 2025, on schedule.

IMMIGRATION: There are no open borders anywhere in the United States, and the inflow of undocumented immigrants has been stemmed since early summer. The *"Lies, Damn Lies & Statistics"* author and other Republicans side-step that truth and ballyhoo a recent letter from ICE to Texas Representative Gonzales, which they represent as showing that "662,566 non-citizens with criminal records were released". Trump avers that that number reflects developments during Biden's administration. The Department of Homeland Security quickly clarified Trump's and Republican gaslighting: *"The data in this letter is being misinterpreted. The data goes back decades; it includes individuals who entered the country over the past 40 years or more, the vast majority of whose custody determination was made long before this administration. It also includes many who are under the jurisdiction or currently incarcerated by federal, state or local law enforcement partners."* Immigration is a serious issue; maybe Republicans should stop dispersing fake information about it. The Hill, 10/05/1024, "GOP rep asked ICE for an update. Then Trump ran with the number." Article by Rafael Bernal
